

Even Then

INTRO

F Am G F Am G F Am G

VERSE 1

C F C

When the winter's closing in

Am G F

And the sun has gone away

C F C

My heart is frail and thin

C G C

You are strong even then

F Am G

When there's darkness all around

F Am G

I know Your light will not burn out

C F C

My hope is in Your hands

Am G C

Even then, even then

VERSE 2

C F C

When my fear has taken hold

Am G F

And I no longer hear Your voice

C F C

In the silence deep within

C G C

You are with me even then
